LOCAL NEWS.

THE BATTERY. - The Battery is now a favorite resort. Daily as the shades of evening hug humanity, in its carriages, and in charge of have been set for trial: its nurses. The babies are taken there to ob carried away, children of an older growth fre- nue laws. quent the place and a continuous stream of persons going to or returning from there can be seen every evening on Lee street from before also adjourned this morning till the 22d inst. sun down until late in the night. The White Pump, located there affords cool and delicious water. If the worthy Superintendent of Po- made: fice would slope down the rugged rear bank so as to admit of its more easy ascent, which could be done at small expense, and doubtless with the permission of the owner, he would confor a favor upon many who now experience some difficulty in climbing up that bank. There is unfortunately no city park, but the Battery and the green sward around it could be made to answer the purpose of one with but little expense. The view from there is beautiful and as stated above, if a breath of air is surring on the river it will surely be felt by those on the Battery. List night while those in the heart of the city were suffering from the heat crowds who strolled about the Battery and its immediate neighborhood were experiencing cool and delicious breez s and watching the comet at their ease. The only drawback to the place as a delightful evening resort is the difficulty of its accessibility from Lee street, Lut this as above alluded to can be readily and speedily obviated. Those who are not familiar with the beauties of the place should walk down there one of these hot evenings and become acquainted with them.

THE COAL TRADE. - There is a falling off in the coal trade, both in receipts and shipments. The boats that were loaded at Cumberland on Friday last have all reached tide water. Saturday and Sunday were holidays, when no boats were loaded, and it any were loaded on Mouday they were not due here this morning. In addition to this, and what may be the real cause of the decrease in the receipts, is the fact of the existing strike among the train hands on the Cumberland and Pennsylvania railroad, the road by which all the coal that comes to market by the canal is sent to Cumberland. The cause of the decreased shipments is the scarcity of orders, and so many vessels are here and at Georgetown and so few are the orders that freights to Boston have fallen to \$1.50 - lower than ever before-and are jumped at by the coasters, so anxious are they to get away. The port of Georgetown is so crowded with vessels that the steamer Express was unable to go within two hundred yards of her wharf there this morning.

POLICE REPORT. -The following cases have been reported at police headquarters since yesterday's issue of the Gazette:

George Schmidt, for disorderly conduct, was fined and discharged. Caroline Brown, colored, for abusive and profane language in the streets, was fined and

Henry Newman, for an assault upon Caroline Brown, both colored, was fined and dis-

charged. The above cases were before the Mayor. Three of the parties implicated in the late den, were before Justice Padgett, and were line has adopted the same course. dismissed, as the charges against them were withdrawn. The principal in the row, a man named Sonny Phillips, who escaped from the police, is still at large, and the charges against him have not yet been withdrawn.

There were no lodgers at the station house

TRUCK PURCHASERS.—In yesterday's Gazette was published an account of the difficulties experienced in Norfolk by some of the truck dealers of this city, who went there to make their purchases. The same parties, however, started on their return to Norfolk, yesterday afternoon, on the steamer Lady of the Lake, with the intention of taking out the licease required by merchants there, and as they will hereafter experience no more difficulty in vegetables, fresh fish, clams, oysters and such about, carried off. other articles as the Nortolk market affords, will always be for sale in this city, as the steamer Lady of the Lake leaves there regularly twice a week for Alexendria.

BULL FIGHT.-The country is gradually assuming the manners and customs of those that border it on the south. Sunday has become to be, of all others, the day for excursions, and now it is reported that arrangements are in progress for a real bull fight near Opossum llall, on the opposite side of the river, next Sunday afternoon. The parties most interested in the rumored proposed fight are said to hail from the cities of the District of Columbia, but they expect many witnesses from this city, for the marine railway, was so unfortunate as steady and in fair demand; prices unchanged. and most of the spectators upon the proposed occasion, will, it is thought, come here by the Washington ferry boats and cross over on the steamer Virginia.

EAST ALEXANDRIA RAILROAD. - A large party of laborers left here this morning for the ship of the East Alexandria Railroad, on the opposite side of the river, to commence the work of building the wharves to be erected there, a portion of the material for which has already arrived, as noticed heretofore. The new wharves, it is understood, will be quite extensive, and will be for the accommodation of the Southern mail boat, which will connect there with the East Alexandria Railroad; and also for the purposes of a large coal shipping business, which it is expected will be carried on there, and the coal for which will be brought there by railroad.

FISHING.-The wharves of the city, especially those at Fishtown, before sunrise, and Hunting Creek Bridge are now excellent places from which to obtain a fine mess of white perch and small rock, and many avail themselves of the opportunity afforded them by the present favorable condition of the water and the tide. The best bait is sturgeon row, at which the fish b to briskly and the sport is excellent. Capt. veorge Jones arrived up yesterday evening from Smith's Point, where he had been fishing with a hook and line for a day or two, with about fifty bunches of as fine black backed whi e perch as were even seen.

NARROW ESCAPE. - A young tioner from this city, named Thomas Pruit, while at work on the roof of a house on 7th street, in Washington, yesterday, accidentally slipped, and would have fallen to the ground had he not caught hold of the gutter as he was sliding from the eves. He held on, suspended by his hands alone, until he was rescued, and by the time that was accomplished, was so weak that had it been delayed a few minutes longer, he wast have dropped to the ground.

ALARM OF FIRE. - There was a slight alarm of ite last night, between nine and ten o'clock, hot sufficient, however, to bring out the Fire Department. It was occasioned by the acoidental burning of a curtain in one of Broders' fow on Cameron street.

THE HARVEST.—The harvest may be said to be at an end, wheat and even oats, rye, and the yield-with the exception of the wheat, which was injured somewhat by the wet weath-

THE CONCORDIA CLUB. - At a meeting of the Concordia Club held last night thirty additional members were elected, and it was decided to have a grand concert by the Marine Band, at Portner's Garden, next Thursday night. After the meeting there was some delightful music on the Z thern and other instruments, and a happy time generally. It is becoming more and more patent every day, that of all our co-mopolitan population, the Ger mans really enjoy life more than any of the

GARBAGE CART. - As will be seen by reference to an advertisement in another column of to-day's Gazette the rounds of the garbage cart have been suspended in order to allow of necessary repairs to that important auxiliary in keep ing the city cleanly. To an enquiring mind the question would naturally arise why is it that a city of this size has but one such cart, and that fifteen thousand people should have their olfactories assailed and their health endangered because that one happens to get out of order.

THE DOGS AGAIN. - Hardly has the dog cart ceased its rounds ere complaints of the dogs are again heard, and, what is remarkable, bribery in elections. The House adhered to its and near "Newtown," a locality near the Diogonal Pump, in which it is said all those who were engaged in dog catching reside. The complaints alluded to are made against the great number of the dogs, their depredations, and their howlings o' night.

LOWER CEDAR POINT. -Mr. Peter Dill, proprietor of Lower Cedar Point, is at work finishing his pavilion for public entertainment. It has all the advantages of location, fine fishing, bathing, and a splendid beach, and there is every reason that the new watering place should be successful. It is understood the propietor designs to make Cedar Point not only a favorite place for excursions, but also a place for the accommodation of permanent boarders.

"GETTING EVEN."-The agent of the Southern and Atlantic Telegraph Company has notified the patrons of that company in this city that ten cents additional will be charged on each message sent or received by that line until one hundred dollars-the amount of tax imposed upon the company by the City Council-shall have been raised, when the additional charge Sunday riotous preceedings at Portner's Gar- will be removed, and that the Western Union

> THE MARY WASHINGTON. - Work is progressing at a rapid rate on the steamer Mary Washington, and should the weather continue favorable, there is no reasonable doubt that she will be completed and in running order by the 1st proximo. The damage done her by the storm of the 4th inst. has been entirely repaired, and work upon all her unfinished portions is, as stated above, progressing rapidly.

PAINFUL ACCIDENT.-A man named William, alias Polly Brissey, while at work, yesterday afternoon, at Smoot's wharf removing some of the machinery which was landed there to have one of his fingers cut entirely off by a heavy piece of iron that fell upon it. The dissevered member was picked up by a spectator and thrown overboard.

BIRTHS AND DEATHS.-The following is a statement of the births and deaths in this city during the year 1873 as returned by the Commissioner of Revenue : Births, 266 of which number 140 were white and 126 colored-123 males and 143 females. Deaths 145 of which number 83 were white, 62 colored, 71 males and 74 females.
